Objectives of the SECOND preparatory action

1

Following an initiative taken by the European Parliament, DG Agriculture and Rural Development (AGRI) launched **two preparatory actions** for an EU programme for the conservation and sustainable use of genetic resources.

All deliverables of the FIRST preparatory action (2014-2016) are available at www.geneticresources.eu

2

The main objectives of this second preparatory action are:

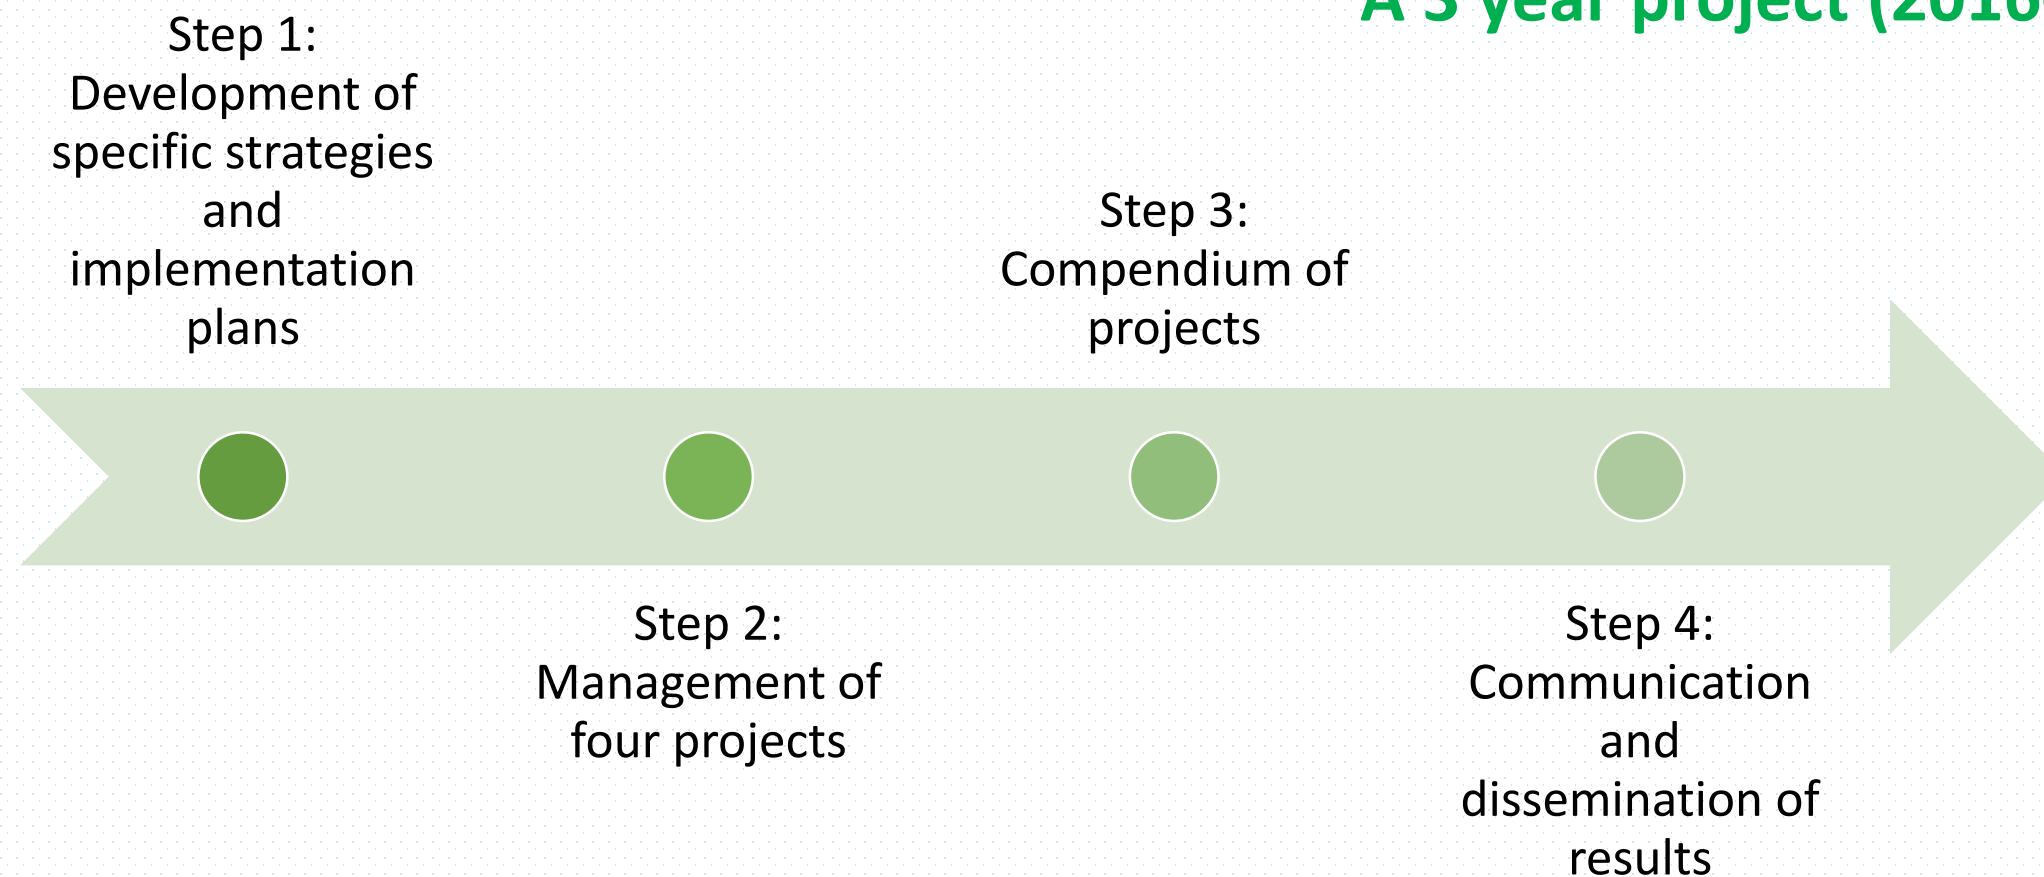

- To provide (different categories of) stakeholders with **concrete examples to valorise the use of neglected breeds and varieties** in an **economically viable way** through...

.....

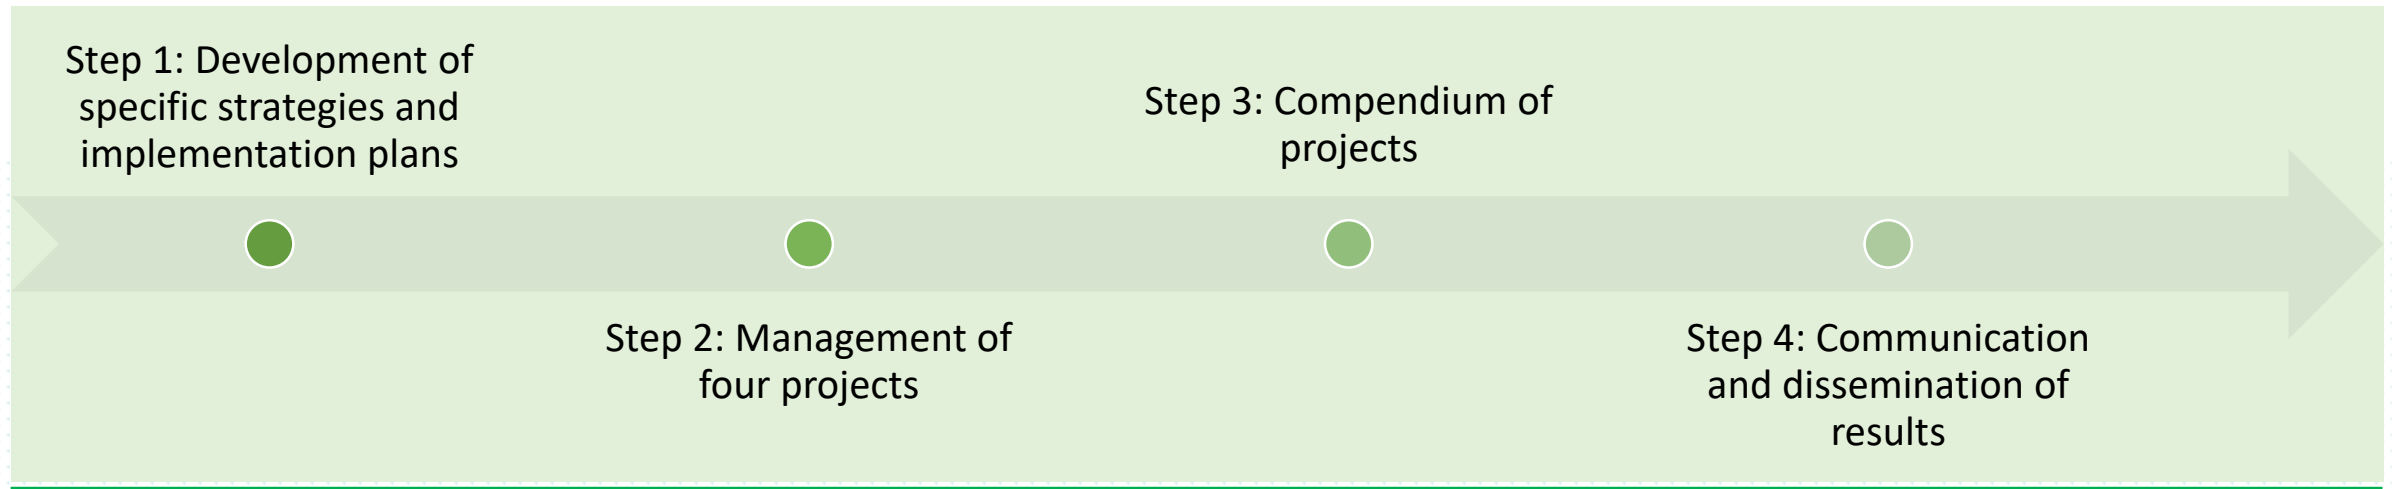

- The **implementation of four projects;**
- The **compilation of a compendium of projects;** and
- The development of a **User guide** aiming at presenting good practices

The four projects

The 56 initiatives included in the ecompendium

- ✓ 28 anGRs and 28 PGRs
- ✓ Selected for their diversity
(objectives, stage of development,
outputs)

*(=> not the best initiatives but rather
the most diverse ones)*

The 56 initiatives included in the ecompendium

- ✓ 28 anGRs and 28 PGRs
- ✓ Selected for their diversity (objectives, stage of development, outputs)

(=> not the best initiatives but rather the most diverse ones)

Objectives of the conference

The objectives of the Conference are to present the main outputs of the study:

- the four projects
- the e-compendium
- the user guide

...and to share findings, conclusions and preliminary recommendations with stakeholders and competent authorities before finalising the report of the preparatory action.

The results and the tools that will be presented this afternoon are preliminary and have not yet been approved by the Steering group of the preparatory action.

All draft deliverables are available at:
